Data courtesy of the U.S. Geological Survey (USGS) was obtained via its automated database and may have not received USGS Director's approval and as such are provisional and subject to revision. The data are released on the condition that neither the USGS nor the United States Government may be held liable for any damages resulting from its use.

Recent data provided by the USGS are preliminary and have not received final approval. Most data relayed by or other telemetry have received little or no review. Inaccuracies in the data may be present because of instrument malfunctions or physical changes at the measurement site. Subsequent review may result in significant revisions. Data users are cautioned to consider carefully the provisional nature of the information before using it for decisions involving personal or public safety or the conduct of business that involves substantial monetary or operational consequences.
